Testimonials

"I thought the event went well and was useful from our point of view.... Both Raj and I met some excellent people, made some good contacts and got some great feedback on our literature and products. We also found the various seminars useful in picking up new marketing skills and techniques."

"It was great working with you again at the AoC Technology Conference last week. Thank you for all your help and support throughout the event. We're now gearing up for AoC Finance Directors and look forward to working with you on that project."

"Just wanted to say thank you for a very successful conference. From an exhibitor's perspective, Protocol National achieved all of its objectives and we are very pleased with the outcomes of our discussions with delegates. I appreciate the extra time you spent fulfilling our requirements over the past week and I hope that you feel it was worth it - certainly we did! Please would you convey our thanks to your colleagues too, the team delivered an excellent event."

Main Sponsor - Annual Human Resources Conference 2007

"This was our first time at this conference, (three times at FD conference, though) so I can't compare with previous years. Overall, I would say it was very well organised and I would particularly like to commend Amanda Redman. As the sponsor of the pre & post dinner drinks, her input, organisation and enthusiasm throughout was excellent."

Drinks Reception and After Party – AoC Annual Conference 2007

"On behalf of Decibel, Pun, Scymone and myself I would like to thank you for giving us the opportunity to take part at the AoC event '07. Thank you also for sending us these photos - they're excellent!! It was without a doubt a superb experience from our end and I was pleased to read that you've also had positive feedback. Lastly, just to say that if the same opportunity should arise again for next year's event, I would be absolutely interested in helping to supply live Music again.
